The Country Boys Sticking Power.

The country boy in youth has been forced to take exercise in the way of chopping firewood and working the garden developing his arms and muscles, so he begins life with a good physical organization. If the girls could be induced to systematically do some such work they would have larger and better developed lungs and bust which would greatly add to their health and longevity.

We breed up the domestic animals to greater constitutional vigor, why not train up or breed up a better framed and more durable woman and manhood?

The country boy is the foundation of the State. He may not have the highest education, but he will win in most of the avocations of life. He is generally noted for sticking to his calling and succeeding on the farm or in any other class of industry. He is plain in his manners, quick to do his duty, and, though it may require laborious effort, he perseveres until it is accomplished.

The country boy enters upon any duty with the will to succeed. Such boys have grown up to be leading citizens and made out of themselves the model statesmen and leaders.

The Agriculturist certainly desires a higher education of the country boys, that they may be able to compete with the city boys in any of the duties of life. Parents should inspire a higher ambition in their boys, and give them all the educational advantage the State can afford.

The hope of the nation is in the nobility and staying qualities of the country boys.—Southern Agriculturist.

Pension Report.

According to the report of Pension Examiner A. T. Wood, there are in Kentucky twenty-five widows who still receive pensions for the war of 1812. There are no survivors in the war of 1812, and the widows receive but \$8 per month. For the Indian wars three survivors and twenty widows receive pensions. There are 216 survivors of the Mexican war in Kentucky who receive pensions and 407 widows. The Civil war has the largest list to its credit, there being 5,669 survivors and 2,646 widows who receive pensions.

About \$1,000,000 is distributed annually through the Louisville office in pensions, and out of this 628 survivors of the Spanish-American war are supplied and 211 widows.

It will be noticed that in the earlier wars the widows outnumber the veteran by a large majority, while in the later wars the veterans outnumber the widows. The reason assigned for this is that veterans marry young wives, and it is probable that in twenty or thirty years from now the widows who receive pensions will greatly outnumber veterans of the Civil War.

M. Ora P'Simer and W. C. Swift, of Morehead, are guests of Assistant Cashier A. T. Whitt.

Pastor S. F. Thompson is holding a few nights meeting with his church at Powell's Valley this week.

Getting Well.

Jim Willie Ware, the young man shot in this city circus day by Matt Tracy is improving nicely and it is now believed that he will get well, if no future complications arise, and Dr. J. W. Williams, the attending physician, is now very hopeful for a speedy recovery.

Three Good and Just Reasons.

There are three reasons why mothers prefer One Minute Cough Cure: First. It is absolutely harmless. Second. It tastes good—children love it. Third. It cures Coughs, Croup, and Whooping Cough, when other remedies fail. Sold by M. Rose.

Robert Mathley will hang at Owensboro tomorrow for the murder of Emma Watkins and James Green.

To the Pen.

R. B. Neely has been sentenced by the Powell Circuit Court to the penitentiary for twenty one years for accomplice to murder. The case was transferred from Breathitt county where the deed was committed. Alexander Jackson was, by the same court, sentenced for thirteen years on the same charge. His case was also transferred from Jackson.

Increase of Revenue Collections.

The fact that the Seventh Internal Revenue District is one of the largest paying of any of the districts in the State is demonstrated by the annual report of Collector S. J. Roberts for the fiscal year ending June 30. The collections for the year total \$2,726,766.64, an increase over last year of \$21,437.91, the gain being in the collections on spirits. Since Collector Roberts entered office October 1, 1897, the collections in the office have amounted to \$18,780,971.64.

Even the slowest horse may go fast asleep.

Indigestion Cured.

There is no case of Indigestion, Dyspepsia or Stomach Trouble that will not yield to the digestive and strengthening influence of Kodol Dyspepsia Cure. This remedy takes the strain off the stomach by digesting what you eat and allowing it to rest until it grows strong again. Kodol Dyspepsia Cure affords quick and permanent relief from indigestion and all stomach troubles, builds up the system and so purifies that disease can not attack and gain a foothold as when in a weakened condition. The constantly increasing use of Kodol Dyspepsia Cure by physicians of hospital and general practice of itself tells how this most wonderful modern discovery has proven to be the greatest digestant for the alleviation of a suffering humanity. Its many cures of both children and adults grows larger day by day. Sold by M. Rose.

Things to Teach.

Our public schools should teach pupils how to stand and sit; how to walk and talk; how to read, write and spell correctly; how to be polite and live rationally. These are the things that enter into the everyday lives of everybody, and these are the "accomplishments" that should go along with "book learning." We loll and slouch, shuffle and stumble, mumble and mander. A little more attention to the common things of everyday life and a little less attention to the "ologies" would, to our mind, be about the right thing in public schools.

One always knocks one's self on the sore place.

Huge Task.

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. BLACK-DRAUGHT STOCK & POULTRY MEDICINE

This great stock medicine is a money saver for stock raisers. It is a medicine, not a cheap food or condition powder. Though put up in coarser form than Theodor's Black-Draught, renowned for the cure of the digestion troubles of persons, it has the same qualities of invigorating digestion, stirring up the torpid liver and loosening the constipated bowels for all stock and poultry. It is carefully prepared and its action is so healthful that stock grow and thrive with an occasional dose in their food. It cures hog cholera and makes hogs grow fat. It cures chicken cholera and roup and makes hens lay. It cures constipation, distemper and colds in horses, murrain in cattle, and makes a draught animal do more work for the feed consumed. It gives animals and fowls of all kinds new life. Every farmer and raiser should certainly give it a trial.

It costs 25c. a can and saves ten times its price in profit.

PITTSBURGH, PA., March 23, 1904.

I have been using your Black-Draught Stock and Poultry Medicine on my stock for some time. I have used all kinds of stock food but I have found that yours is the best for my purpose.
